Portofolio :

SUMMARY

I am an active IT Student of Lambung Mangkurat University, I am interested in web development, game development, and programming. I am experienced in developing a website using Javascript, Node Js, and Firebase for my submission and capstone project in independent study at Dicoding Indonesia. A student with great leadership, responsibility, discipline, and eager to learn new things especially about technology.

EXPERIENCE

Front-End Web and Back-End Developer – Independent Study, Dicoding Indonesia
Capstone Project : Countrybute Web Apps (November 2022 – December 2022)
- Planning the project
- Prototyping mobile and desktop UI with Figma
- Managing responsiveness of the website
- Code all of the front-end side of the project using HTML5, Bootstrap 5.2, npm, and Javascript.
- Connecting front-end with database using Firebase Firestore
- Making authentication using Firebase Authentication
- Implementing some PWA feature

Submission Project : Beginner, Fundamental, and Expert Front-End
- Making a responsive website implementing Semantic HTML, Airbnb code style, and ES6.
- Making a Single Page App implementing DOM Manipulation, module bundler, Web Component, and consuming public API.
- Making a Progessive Web Apps, implementing Mobile First Approach, clean code principle, deploying and automated testing.

Submission Project : Beginner Back-End
- Learning Javascript
- Making simple RESTful API using Hapi framework
